Barry Gould, Principal

April 5<sup>th</sup>, 2010

Dear Eric,

On behalf of the Cherry Valley Springfield Central School District I would like to thank you, and the Eastern New York Section of the America Chemical Society for your donation of a Merck Index. Cherry Valley-Springfield is a small rural school. To try to purchase a Merck Index would be beyond the means of my department. Thanks to the generosity and commitment to education of the ACS and Merck, my students now have this valuable resource. I cannot thank you enough. You will be happy to know that we have used it extensively already, and it has been a big help to my kids.

Again, thank you for your donation and for helping my students.

Sincerely,

Wade M. Blanchard  
Science Department Chair
